

Plastic or Porcelain
February 21 2021
Luke 9:27-36

Do you have a favourite mug? If so, what do you like about it?

If someone were to call you “religious” would you

- be pleased
- be upset
- ask what they meant by religious
- correct them, saying I'm not religious I am _____

What does John mean when he suggests some people's faith and belief system is like plastic and others like porcelain?

What does the apostle Paul mean when he says that, “we have this treasure in Jars of clay”
2 Corinthians 4:7

Will we all experience Jesus and the Kingdom of God the same?

Would you describe yourself as a person of faith? Why?

Would you describe your prayer as trying to get God to do something, or a time where you can be changed?

Do you have a mountain? A purposeful place or heart position where you can be free of distractions?

Take it home

- Is there an opportunity for you to learn about the Kingdom of God from someone different than you?

- Have you assumed that your way of relating to Kingdom of God is best? Ie: Plastic is better than porcelain.

- Consider keeping a note pad or journal until Easter. Record examples of how you have experienced Jesus / the Kingdom of God. On or after resurrection Sunday, share it with others. Rejoice!
